### PISTOL WHICH CAUSED DEATH NOT NEAR HEAD

Is Testimony of Expert In  
the Means Murder Trial  
at Concord, N. H.

### DEAD WOMAN'S MOTHER TO TESTIFY FOR THE STATE

Trial May Not End Before  
the Middle of Next  
Week

(Associated Press Telegram)  
Concord, N. C., Nov. 30.—Dr. W. H. Burmeister, coroner's physician of Cook county, Illinois, testifying for the state, on cross-examination in the trial of Gaston B. Means, charged with the murder of Mrs. Maude A. King, today said that the pistol that inflicted the wound causing Mrs. King's death, was not in contact with the head when fired. E. T. Cansler, of counsel for the defense, brought from the witness repeated and emphasized declarations of his opinion that it would have been a physical impossibility for a woman of Mrs. King's stoutness to have held a pistol in the position necessary to have caused the wound.

Cross-examination, re-direct-examination, and recross-examination of Dr. Burmeister delayed the expected introduction by the state of Mrs. Anna L. Robinson, mother of Mrs. King.

Dr. Otto Schultz of New York, was called to the stand shortly before noon.

(Associated Press Telegram)  
Concord, N. C., Nov. 30.—Mrs. Anna L. Robinson, mother of Mrs. Maude A. King, was expected to take the stand for the state today in the trial of Gaston B. Means, charged with the murder of Mrs. King at Blackwelder Springs near here, Aug. 29, last.

Mrs. Robinson, who is 76 years of age, came here from her home in Charlotte Wednesday, was a member of a party including Means, Mrs. King and her sister Mrs. Mary C. Melvin, which stayed at the Chicago Beach hotel from May until July. References to her was made in the testimony of Willard C. Rockefeller, manager of the hotel, who appeared for the prosecution Wednesday.

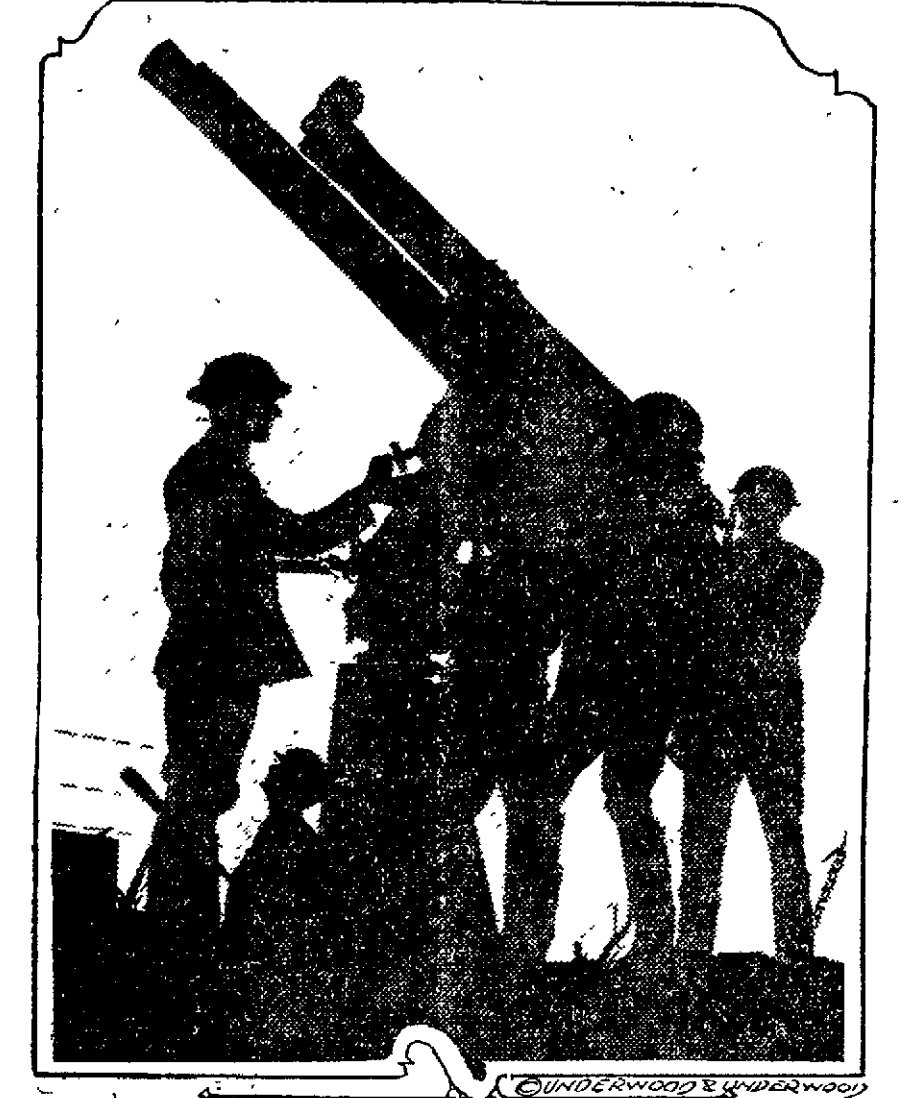

Rockefeller, by whom the state sought to show through conversations he had with Means that the latter, acting as Mrs. King's business agent, attempted to restrict her freedom of action while at the hotel, told the jury that Means referred to Mrs. Robinson as "Old Seventy-Six." Rockefeller asserted that Means, after forbidding him to talk with Mrs. King said:

"You can talk to her mother as much as you want to but I don't want anybody to talk with Mrs. King. I am getting ready to spring a surprise on the whole United States."

New York and Chicago witnesses who are here, have asserted Means was preparing to offer for probate an alleged second will of the late James C. King of Chicago, which would give \$2,000,000 to Mrs. King in addition to the \$1,000,000 she inherited as King's widow under the first will.

In this connection, the state has submitted in evidence numerous letters and telegrams. Assistant District Attorney Doolin of New York, who is assisting the state in the prosecution, told the court that one of the letters was introduced in an effort to prove that about the time of the discovery of the alleged second will Means was trying to get into communication with a man named (Continued on Page 2, Col. 5.)

### ANTI-AIRCRAFT GUN IS STRIKING SILHOUETTE IN WINGING HUN FLIER

Remarkable photo of anti-aircraft gun in action.

An unusual photograph of an anti-aircraft gun in action on the French front shows the gun and crew strikingly silhouetted against the evening sky as it aims a shot to bring down a foe flier. Germany's increasing weakness in the air, so well revealed in the allied advance on Cambrai when only five foe planes were seen along the whole Hindenburg line, may be attributed in some measure to the skill of the allies' anti-aircraft marksmen.

### IMPERIAL GERMAN CHANCELLOR IN AN ADDRESS TO REICHSTAG REVIEWS THE WAR SITUATION

Berlin, Nov. 29, via London, Nov. 30.—(British Admiralty, via Wireless Press.) The war situation was reviewed before the reichstag today by Count George F. von Hertling, the new imperial German chancellor. He declared that Germany was ready to enter into peace negotiations as soon as the Russian government sent representatives having full powers to Berlin. The chancellor said he hoped and wished that the present efforts would take definite shape and "bring us peace."

German peace, the chancellor said, have been uniformly successful and the submarine warfare will reach the aims intended for it. He said that the ships sunk will exceed that of those newly constructed. He praised the army and navy, and eulogized the home population for its patience and endurance under great privations. Political reforms would be carried out but the fundamental principles of the imperial constitution cannot and shall not be changed.

The reichstag was packed when the chancellor began his speech. The new state secretaries, the new Prussian minister, the new Bavarian premier, the members of the reigning German houses, the Austrian, Turkish and Bulgarian ambassadors, and all the neutral ministers were present.

The imperial chancellor opened his speech, after personal references to his assumption of office by asking the loyal co-operation of the reichstag. He continued:

"We are approaching the end of

the year that has been full of far-reaching and decisive events in many theatres of the war. I am proud and thankful to say that the arms of Germany and her allies have been successful on almost every occasion and everywhere."

He recalled that the Germans had continued almost without interruption since July and that the British army was superior in number and that several French divisions had taken part in the fight. Notwithstanding the loss of some villages and farms the German front there remained unshaken and the enemy was as far as ever from this object of reaching the Flemish coast to destroy German U-boat bases. He added:

"Recognizing the failure of their attacks in Flanders the British now (Continued on Page 16, Col. 3.)

### NO DISPOSITION TO ASK CONGRESS FOR WAR DECLARATION

(Associated Press Telegram)  
Washington, Nov. 30.—Austria's decision to line up with Germany in opening peace negotiations with the Russian Bolsheviks may possibly have some effect on the administration's disposition toward a declaration of war on the dual monarchy, but the general impression in official circles here is that it will not bring about any tangible development for the present at least.

Administration senators adhering to the coming session of congress among them some who have publicly expressed the opinion that the United States should declare war on all Germany's allies have found on conference with the executive branch of the government that there is no disposition to ask congress to make another war declaration at this time. They found that the hope of breaking the central power alliance had been entirely abandoned.

President Wilson continued to work on his address to congress today and the fact that he had before him a great quantity of material bearing on relations with Austria caused some speculation as to whether he would touch on the subject. Official intimations of what the president would say still were withheld. The fact that he is holding the address open to the last minute probably so late that advance copies may not be available until he starts to speak but accurate predictions out of the question. One official today said the problem of whether the government should declare war on Austria was not the average citizen.

### UNITED STATES ENGINEERS IN THE WAR ZONE

Had Part In Planning Successful British Blow Toward Cambrai

### FIRST AMERICAN TROOPS ON THE BRITISH FRONT

Have Been Building Railroads Within Range of German Artillery

American engineers played a large part in the preparations leading up to the successful British blow toward Cambrai last week.

These are the first American troops to take part in operations on the British front and a delayed Associated Press dispatch says that they have been building railroads in the Somme district for nearly four months and for a long time have been working within range of the German artillery. Not content with building and running the vital communication lines, the American engineers entered the firing line during General Byng's push to act as volunteer stretcher bearers.

National Guardsmen from every state in the Union and the vanguard of the American aero fleet have arrived behind the front in France. Many of the former guardsmen already are undergoing training with the British and the American aviators are training actively with the American troops.

Germany is ready to discuss peace with Russia if envoys with full powers are sent to Berlin. Count von Hertling, the new imperial chancellor declared yesterday before the reichstag. He expressed the wish that the present efforts of the Bolsheviks would bring peace. In a review of the military situation the chancellor said that the armies of the central powers have been generally successful and the submarine warfare was successful and that the allies were unable to make progress against it.

The chancellor declared that the central powers still stood by their answer to the peace note of the pope. He said that the central powers were not responsible for the prolongation of the war and held out as a warning to others "the glorious advance" into Italy. Apparently the chancellor did not state Germany's peace terms specifically nor did he mention the reichstag resolution in favor of peace without annexation and indemnities.

Conditions in Russia apparently remain greatly unsettled. It is reported that Lenin's government has given way to a socialist coalition cabinet, in which the Bolsheviks are represented.

On the various war fronts there has been little change. The British are pushing forward toward Cambrai and have made a slight advance west of Bourlon wood. Heavy artillery activity continues in the Ypres sector. No intensive actions of importance are reported from the Italian front but the opposing cannon are very busy. Berlin reports the repulse of Italian attacks against positions west of the Brenna and west of the Piave.

Much discussion has been provoked in England by the publication of a letter from the Marquis of Lansdowne, a veteran political leader, who made a slight advance west of Bourlon wood. Heavy artillery activity continues in the Ypres sector. No intensive actions of importance are reported from the Italian front but the opposing cannon are very busy. Berlin reports the repulse of Italian attacks against positions west of the Brenna and west of the Piave.

The letter has caused such a sensation that it is understood it will be the subject of debate in the British house of commons probably early next week.

Austria Hungary has officially replied to the Bolshevik proposals. (Continued on Page 2, Col. 5.)

### SECRET TREATY IS MADE PUBLIC BY BOLSHIEVIKI

(Associated Press Telegram)  
London, Nov. 30.—A secret treaty between Great Britain, France, Russia and Italy has been given out by the Bolshevik government, according to a Petrograd dispatch under date of Wednesday. To The Daily Mail. It comprises the terms on which Italy entered the war. Great Britain, France and Russia, according to the published text, agreed to Italy annexing the Trentino, the southern Tyrol, Istria, Dalmatia, certain islands in the Grecian archipelago and territory in Asia Minor and Africa. Article 15 of the treaty is reported to read as follows:

"France, Great Britain and Russia take upon themselves to support Italy in her disavowing representative of the Holy See to take any diplomatic steps for the conclusion of peace or regarding matters pertaining to the present war."

John Walsh, a brother of Senator T. J. Walsh of Montana, has been appointed chief counsel of the federal trade commission. He is the first person to hold this position since it was created by congress.

### NUMBER AMERICAN OFFICIALS ARRIVE ON ITALIAN FRONT

(Associated Press Telegram)

Italian Headquarters, Northern Italy, Thursday, Nov. 29.—The lessening of the intensity of the enemy attacks along the northern front is regarded as fortifying the moving of activity to other points, either for massed attacks or in preparing of defensive positions capable of meeting the Italians, reinforced by the British and French, in a concerted advance. Aviators report that the enemy is feverishly active along the Tenthredo river where he is compelling the civilian population to assist in the construction of lines of defensive trenches and works on the eastern bank of the river to which he probably would fall back in cases of a reverse along the Piave.

Improved conditions are reflected in Italian finances and exchange on the British sovereign has jumped nine lira within one week.

The sovereign a week ago was worth 42 lira, but British officers now arriving get only 33 lira on a pound, or a net change of nine lira in favor of Italian money.

The arrival of a number of American officials is regarded as highly satisfactory and perhaps significant of coming events. Up to the present the American government has required military and naval observers to remain comparatively inactive in Italy so as not to affront Austria-Hungary, with whom America is yet at peace.

### WORRIED OVER HER HUSBAND'S ILLNESS WOMAN DROWNS SELF

(Associated Press Telegram)

Newport, Ky., Nov. 20.—Worried over the illness of her husband, believed by friends and relatives to have caused Mrs. James Smith, aged 37, of Cambridge, O., to drown herself in the Ohio river here today. She was seen to enter the water and the current carry her under before rescuers could reach her. She was visiting her sister here.

### TOLEDO HOLDUPS ARE BOUND OVER TO GRAND JURY

(Associated Press Telegram)  
Toledo, O., Nov. 30.—Frank Newman and Fred Grudinski, who confessed taking part in the \$37,000 brewery company holdup here last week, were bound over to the grand jury today after they pleaded guilty in police court. They were fined in default of \$1,000 bonds. The arraignment of Wanda and Joe Urick, who was continued to December 14, because their lawyer is out of town. After being out on bail two days the girl and her brother again are in jail because the brewery attorney contends their bond of \$19,000 is insufficient. Their bail cash, was furnished by their mother.

### BRITISH CASUALTIES 120,089 IN NOV.

(Associated Press Telegram)  
London, Nov. 29.—(Balletin)—British casualties reported during the month totaled 120,089, divided as follows: Officers killed or died of wounds, 1162; men, 24,292. Of whom 11,023 were missing, 3,537; men, 91,163.

### EVERY STATE IN UNION REPRESENTED IN TROOPS RUSHING TO THE FRONT

All Arrive Safely From United States and are  
Now Within Sound of the Big Guns  
on the Battle Fronts

### GOVERNMENT DOES NOT DISCLOSE IDENTITY OF THE VARIOUS UNITS

French Populace Extends Enthusiastic Welcome to the "Sammies" Who Have Been Arriving In American Zone For Many Weeks—Training For Actual Service at Front—Their Soldierly Qualities Draw High Praise From the French Instructors—Guardsmen All Reported In the Best of Health

(Associated Press Telegram)

With the American Army in France, Nov. 29.—(By the Associated Press)—A substantial vanguard of the great army of American aviators, which eventually will operate in France, has arrived near the front.

National Guardsmen from every state in the Union have arrived in France, it is today permitted to be announced. They are among the troops now training, or lately arrived.

While it is not permitted to disclose the identity of units, it may be said that all those which sailed from the United States have arrived safely and that some already are in training within sound of the guns on the battlefront.

They are showing a spirit in keeping with the purpose of all concerned to make the American expeditionary force a homogeneous army in which each division, whether regular, national guard, or national army, cannot be distinguished in efficiency from the others. The former state troops are billeted over a wide area and are pronounced excellent soldiers.

The guardsmen have been arriving in the American zone for many weeks. They are scattered somewhat, but as far as possible the units from the same state have been kept close together, except in one case. They found the regular army had made good preparations for them and while the guardsmen are billeted in houses in French towns, others have been quartered in low, wooden barracks specially erected.

The troops from the various states have been recognized by the French population and have been welcomed enthusiastically. Many of the units on arriving in billet towns wore the French red, white and blue cockade pinned to their campaign hats. These were given to the soldiers when they landed at base points. After a sufficient time to rest from the journey, which in some cases has been extremely tiresome, the troops have been set to work training for actual service at the front. In all quarters they are declared to be most enthusiastic, and their soldierly qualities have drawn high praise from the French instructors.

During the last few days one unit has been working with grenades and automatic rifles, while another has been working out military problems in maneuvers. Another unit has been in the instruction trenches which brings them as near as possible to actual fighting conditions. Many of the former guardsmen in training have heard guns roaring in the distance. They are all being given the same course of instruction as the first contingents of regulars have undergone.

The guardsmen are all in good health. This one reason why it is not permitted to mention units by name is that if one mentions the name, the way is open to mention all others, which means the revealing of identification numbers and other information which is of importance to the enemy.

But for the information of the relatives and families of the men every one who sailed from the United States has arrived safely in France.

Every American soldier in France spent a real American Thanksgiving today. He dined on turkey and all that goes with it, until he could eat no more.

The feature of the day was a football game in which a team from the engineers defeated a team from the infantry. The game was watched by thousands of American troops and a thousand French soldiers who were home from the front on leave. The shouts from the respective rooters were heard far and wide and towards the end of the game the French soldiers, getting the hang of it, became just as enthusiastic as the Americans and joined in the cheering.

Virtually all instruction work and drilling was suspended for the day, and in some places the men were permitted to stay out an hour later tonight. In nearly all camp messes the men themselves supplemented the dinner with boxes of cigars and other luxuries, and for the time many an American soldier thought he was at home.

### SAILING OF TROOPS NOT DISCLOSED TO COUNTRY AT LARGE

(Associated Press Telegram)

Washington, Nov. 30.—Announcement of the arrival in France of the first guard units gave the first official notice that an extensive troop movement has been accomplished despite hostile submarines, shortage of troop and supply ships, and other obstacles, but without the loss of a man. Thousands of men have been moved to the seaboard from all parts of the country, loaded on transports and safely landed in France without any general knowledge of the facts

having been disclosed to the country at large.

War department officials were gratified at General Pershing's decision to announce the arrival of the National Guard forces, but permission to publish the designations of the guard units now at the training centers in France still is withheld. Unless General Pershing sees fit to release the information there is no present prospect of its publication.

It can be stated, however, that the brief dispatch of today covers a large movement that has been in progress for several weeks. The next stage will be actual occupation of front-line trenches.

Guard units to be sent later will be more sectional in character, the grouping of the old divisional organization having been adhered to as closely as possible. The entire 47 (Continued on Page 2, Col. 4.)

### BROTHER AGED FIVE, SHOOTS HIS LITTLE SISTER, AGED 13, DURING PARENTS' ABSENCE YESTERDAY

(Special to The Advocate)  
Fallsburg, Nov. 30.—Returning to their home last evening, about six o'clock, Mr. and Mrs. Charles Wexley, residing near this village, were horrified to find their thirteen-year-old daughter, Mamie, lying dead on the kitchen floor with the top of her head shot off. Near her, frightened almost into hysterics, crouched their little son, Albert, aged five years, and not far away was a .32-caliber revolver with one empty shell, with which the little boy had fatally shot his sister.

The young lad's story, after he had been soothed by the mother, was that after dinner he had played with his sister and around the house and that Mamie had secured a book and went into the kitchen to read. It was beginning to get dark and he looked around for something to do and saw the revolver in the cupboard. He crawled up on a chair, pointing the gun at his sister and

pulled the trigger. He said he did not know he could shoot it off and was going to scare her. The shot struck the little girl squarely between the eyes and she fell from the chair.

Albert did not know what to do. He was afraid to go to a neighbor's home for it was some distance away and so he sat down with his little dead sister waiting for his parents to return. The latter have the sympathy of the entire community, for they state that Mamie had always taken good care of her little brother and they never thought for a moment that the child would ever see the revolver and that if he did he would never touch it.

Coroner W. E. Jackson of this city was notified and went to the accidental discharge of the revolver. The funeral will take place Saturday morning from the Fallsburg chapel, interment in the cemetery nearby.

### AMERICANS PRAISED FOR PART TAKEN IN GEN. BYNG'S DRIVE

(Associated Press Telegram)

British Army Headquarters in France, Monday, Nov. 26.—American engineers, the first American troops to be engaged in military operations on the British front took a prominent part in the breaking of the Hindenburg line by General Byng last week. Military necessity has made it impossible to speak of their presence before, but it is now possible to inform the people of the United States that engineers of the American army had a large part in pushing up the vital salients behind the advancing British soldiers.

As a matter of fact the American engineers have been laboring on the roads throughout the devastated battlefields of the Somme district for nearly four months and two of their men, who were wounded, were the first American casualties announced from Washington.

The speed with which the lines have been laid up through the broken Hindenburg defenses during the past week has called forth the highest praise from the British authorities. The Americans have been working in shifts twenty-four hours a day and no such amount of track has been laid in this region in so short a time before. The manner in which they stood up under the strain has led to their being dubbed the "force of American Athletes." For these untiring soldiers are today as fit and as willing as they were before the battle began.

Nearly all the Americans for a long time have been working under the range of enemy artillery and more than once they have come under heavy shell fire. One of the most striking sights along the front has been that of the engineers laboring coolly at their tracks while great shells were bursting one hundred yards away.

At one time the Germans cut loose with their guns on a section of the tracks and tore up three miles of rails which had been laid with much labor, but they scarcely had finished their bombardment when the twin lines of steel began to creep forward once more. After the engineers had reached a point where they were exposed on the sky line it was necessary to work at nights or on foggy days in order to avoid enemy observation.

There have been three forces of Americans employed in this region since about August 1. Two of them have been occupied with the operation and maintenance of light railways and the other has been constructing narrow gauge lines. The importance of this work hardly needs emphasis for it is well known that over these railways food, ammunition and material of all sorts are poured up to lend support to the fighting forces.

The correspondent has visited many of these engineers since their arrival and has found them as fit as possible and eager for work. Most of them undoubtedly look forward to the time when they will be able to join the American forces, but just now they are content to do their bit here and learn valuable lessons on military railroading.

The correspondent was talking with three officers today and the only anxiety they expressed about the future was the fear that they might later be compelled to work far back of the lines out of the fighting zone. The engineers love to hear the guns and to get as close to the firing line as military orders permit. Some of them had an unusual experience, much to their liking on the first day of the offensive. The British called for volunteer stretcher bearers to go forward to the battlefield and bring in wounded British and Germans, a large number of the engineers offered their services which were accepted. They just had finished a hard day's work on the railway but they gladly undertook the new, arduous and dangerous task and labored through the night getting injured soldiers back to the dressing stations. They were highly complimented by the British for their efficiency in this line of service, which was rather far reached from building railroads.

No details of the progress of the enemy assault are available at the time this dispatch is filed.

### WILL INVESTIGATE DEATH OF PUGILIST

(Associated Press Telegram)

Cleveland, Nov. 29.—Investigation into boxing in general in Cleveland and specifically the death of "El Paso" Jimmy Wilson, middleweight pugilist, who died yesterday following a bout at a local club Wednesday was indicated in the announcement that Coroner Byrne, Chief of Detectives Rabshaw, and County Prosecutor Decker would confer today as to what charge would be placed against Otto Wenzel, Pittsburgh pugilist, Wilson's opponent held by police in connection with Wilson's death.

however, shares in the honor of having its representative units now on the front in the world-war.

Secretary Baker has announced that as fast as men and ships are ready they will be combined and additional forces sent to join General Pershing. By this means guard divisions first to show themselves fitted for transportation to the training camps in France will be first to go.

It appears possible that the regrouping of national army divisions, made necessary by the use of drafted men to fill up depleted National Guard divisions will determine the order of the first national army units to be sent over. In that regrouping two national divisions were formed—one representing the whole eastern section of the country, and one equally representative of all middle states. All of the far west is already in the national army division at Camp Lewis, American Lake Washington. If the same policy is followed with relation to the national army that has been followed in connection with the National Guard it seems likely that these three divisions, other things such as training and equipment being equal, would be the first of the national army to go over as every state in the Union would then have national army men at the front as it now has national guardsmen.

### EIGHTEEN MEN ARE TRAPPED IN ILLINOIS MINE

(Associated Press Telegram)

Christopher, Ill., Nov. 30.—Rescuers worked all night in an effort to reach the 18 miners trapped on the 600-foot level of the new North mine of the Old Ben coal corporation here by an explosion last night which wrecked the mine and the air shafts.

Rescue parties from Denton and Herrin reached the scene a few hours after the explosion and aided the men already on the ground.

That only 18 men were caught in the mine was due to the fact that yesterday was a holiday and the remainder of the 700 men employed at the mine were not at work.

Officials of the company say they have been unable to learn the cause of the explosion. No unusual amount of gas had been noticed in the mine.

So great was the force of the explosion that wreckage was blown a thousand yards, a cage being hurled through the top of the tipple house, and completely wrecked the cage transportation machinery.

The imprisoned men were employed in repairing shafts and at various other work after the mine had closed down for the day.

### FIRST WOMAN IN CITY TO RECEIVE CHIVALRY DEGREE

The degree of chivalry as conferred by the I. O. O. F. was given Mrs. Louis Spees, Sr., on Wednesday evening, when a precedent was established. Mrs. Spees is the first woman in Newark to be thus honored and the occasion bespoke her high standing in the lodge circle.

The occasion was made an event for an elaborate celebration by Canton Olive No. 86 patriarchs Militant, in the I. O. O. F. hall Wednesday evening. The ceremony incident to the conferring of the degree was enacted by Major General Perry D. Knapp, of Toledo, Lieut. Col. Fred H. A. Hahn of Toledo, Col. William Champanoise of Coshocton, Capt. Moeller of Coshocton, and Col. P. H. Cosner of Newark. The four women assisting in the ceremony were first, Miss Bessie Holman, second Mrs. R. A. Belt, third, Mrs. A. L. Thomas and fourth, Mrs. J. V. Scott. The little maid on pins on the medal of chivalry, was a granddaughter of Mrs. Spees.

Following the conferring of the degree, which was public, an inspection of the Canton was held followed by a banquet of elaborate appointments. P. H. Cosner president, as toastmaster, while Mrs. Anders of Columbus, head of the Ohio Relekeh Assembly, was toastmistress. A number of interesting responses were made by local lodge members and visitors.

### COLLEGE MEN WILL AFFECT ORGANIZATION

On Wednesday evening an impromptu meeting of a number of college men, present and past, was held in Newark with a view of affording a college organization in the city.

It was attended by a number of business men who have attended school, and by students in school at the present time. An organization will be effected Saturday at noon when a luncheon will be served at the Sherwood hotel. About ninety cards for this luncheon have been sent to the college men of the city. To become a member it is necessary to be attending or having attended college of university which confers degrees.

A number of the college men of the city have indicated their intention of joining and at the meeting Saturday an election of officers will be held. While a great many Newark people are college graduates, there has never been a formal college organization in the city.

### PRIZE WINNERS AMONG THE COUNTY CORN GROWERS

Licking county has produced some prize winning corn growers this year. In the contests conducted this year by Ohio State University, a record of 11,242 bushels, with a profit of \$84.25 was made by Lawrence Moreland of Pataskala, R. D. 4, who was the trip to Washington offered by the Agricultural Society of Licking county to the boy making the best record in this county.

The other winners for this county are: Roy Kinney of Alexandria, R. D. 2, with 109,928 bushels, at a profit of \$70.60, winning the trip offered by Pomona Grange; Kenneth Kummer of Kinkersville with 85,173 bushels, profit, \$63.69, winning the trip offered by the Chamber of Commerce of Newark; Theron Cleether, Hebron, R. D. 1, with 70,58 bushels, profit, \$55.38, winning the trip offered by the Hebron Bank company of Hebron.

A number of friends and relatives of the winners in this county are expecting to make the trip along with the 500 prize winners to Washington the week of December 3. They will be extended the same privileges in Washington and New York as the winners and will get to hear the same speeches by prominent men.

Irvin Wasam of Vermilion, Erie county, with a yield of 148.97 bushels and a profit of \$122.54, makes the best record in the state, thus winning the state championship in corn growing and the trip offered by Governor Cox. John Everett of Granville, raised 133.35 bushels, profit \$104.27, winning the Wing Seed company's trip.

stating that it recognizes them as affording a suitable basis for entering upon negotiations for armistice and a general peace and that the Austro-Hungarian government is ready to enter into such negotiations.

Dispatches from the British front in France report an attack by the Germans in progress in the region of Connelien, in the Cambrai battle area. The point struck at lies at the southerly base of the salient formed by General Byng's recent advance.

The early advices did not disclose whether the attack was merely a relatively unimportant counterattack or a more ambitious attempt by the Germans to push in behind the British west of the Scheldt and compel them to abandon the hold they have gained on the east bank of that river, in the Masnières region, which seriously menaces Cambrai from the south.

## Most Old People Are Constipated

The wear of years impairs the action of the bowels. As people grow older they restrict their activity, neglect to take sufficient exercise and indulge a natural disposition to take things easy. The digestive organs become more sensitive to the demands made upon them and rebel more quickly.

It is of special importance to the health of elderly people that the bowels be kept normally active. A mild, yet effective, remedy for constipation, and one that is especially suited to the needs of old folks, women and children, is the combination of simple laxative herbs with pepsin sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin. It costs only fifty cents a bottle, and should be in every family medicine chest. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 456 Washington St., Monticello, Illinois.

**Y. W. C. A.**  
The Young Woman's Christian Association which has been occupying the Ludlow building in North Fourth street, will suspend operations January 1st. It is hoped that the work will be taken up at a later date.

**Now Second Lieutenant.**  
Among the men recently commissioned second lieutenant at Fort Harrison is H. R. Moore of Frazeyburg.

**Old Guard Meeting.**  
Capt. Bausch announces that the Old Guard will meet at 2 o'clock Sunday at Memorial Hall.

**Home From Camp.**  
The following men from Camp Sherman were home on holiday passes and in attendance at the football game at Columbus yesterday: Maurice Floyd and his guest, Corporal W. H. Kungler of Pittsburgh, Francis O'Shaughnessy, Edward Fallon, Stephen F. Costello, Earl Blader, Ray Wintermute, Corporal Merle Orr, Eppie Frenier, Sandy Owens, Charles Raisin, Pat Balcer, Walter Greeley, John Sachs.

**Remodeling Building.**  
A three story brick building in North Fourth street, adjoining the old M. E. church property is being remodeled by the owner, Dr. R. C. Edwards. It will contain apartments and a store room for rental purposes.

**Get in Commission House.**  
An entrance to the rear of the Brumback commission house was effected Wednesday evening, the unscrupulous leaving by the front door, which was found open Thursday morning. The only articles missing were a half a crate of eggs. It is thought the work was done by boys.

**Taken to Home.**  
Miss Margaret Hayes, who recently underwent a serious operation at the City Hospital, was removed to her home in North Fourth street in the Rialler ambulance.

**Goes to Camp.**  
Paul Morrison, formerly of this city, now in the office of one of the large rubber plants at Akron, O. is the guest of relatives here for a few days and next week leaves Akron with 1100 others for Camp Sherman, having been drafted into the National army.

**Bird Man Here Tonight.**  
C. Crawford Gorst, the bird man, lecturer and entertainer, will give an interesting program on the high school lecture course here this evening. Mr. Gorst shows that a bird in the bush is worth two in the hand.

**At Camp Greene.**

**Dry Cleaning Establishment.**  
J. F. Callender has leased part of the building formerly occupied by the Newark Steam Laundry and will take possession by January 1st. Mr. Callender will fix the place up as a dry cleaning establishment and will equip it to turn out the highest class of work.

**Prizes for News Tips.**  
Telephone or send a news item to the Advocate tomorrow, Dec. 1. Four cash prizes will be given to those who submit the best stories or "tips" on news tomorrow. The names of winners will be announced but the winner will not tell what stories the winners submit. If you learn of something that you think the Advocate should print tomorrow, send it in. "Human interest" stories as well as news items are wanted but each story submitted must be of a local character. Be brief, be early, use the "phone on all 'hot' news items. Call Auto 23125, 23121 or 23123. If one phone is busy try another number.

**Entertainment at Toboso.**  
The Shawnee River Quartet will appear in the Toboso high school auditorium Saturday night, Dec. 1, on which occasion they will entertain with old negro songs, jokes and melodies. This is the second number of the entertainment course.

**Fined for Gambling.**  
Mayor R. C. bigbee held police court Thanksgiving day and disposed of two cases, one a regular and the other charged with several offenses.

Including that of gambling. He fined the prisoner \$5 and the costs and carried the other charges over until Friday. Special menus for the prisoners were served at both the city prison and jail.

**Home for few Days.**

So they do, but then money always talks cents.—Los Angeles Times.

**GINGEROLE**  
**The Greatest Known Remedy For Rheumatism, Colds in Chest, Lumbago, Ton-sillitis, Sore Throat, Neuralgia**

**Stops Headache, Backache, Relieves Stiff Joints Instantly**

GINGEROLE is better than any hot water bag—poultice or ointment. Just rub it on, that's all. It is very penetrating but won't blister.

A package that will do the work of 50 blistering mustard plasters cost but 25 cents. Use it to banish sore throat, cold in chest, tonsillitis, pleurisy, lumbago, swollen glands, and to drive soreness from varicose veins. Money back if you don't say its results are astonishing.

Nothing so good for swollen, aching rheumatic joints, neuritis, sore muscles, sprains, stiff neck, bruises. It draws out the burning inflammation from sore feet, bunions, corns and callouses over night.

Gingerole for sale and recommended by Evans' drug store and all druggists.—Advertisement.

**BRIDGE WORKER**  
**STEADY ON JOB**

**Ohio Electric Employee Says He Feels Like Different Man**

"I go out on the bridges and trestles of the Ohio Electric railway now feeling like a new man," said Edward Koogler, Box 47, Hebron, in telling about Tanlac. Mr. Koogler has been employed by the Ohio Electric for four years and is well known all along the line.

"Before I started taking Tanlac," he continued, "my stomach gave me a lot of trouble. My food didn't agree with me, and after meals I would bloat and belch. I often had headaches. At night I was so nervous I couldn't sleep soundly. I got up with that draggy, worn out feeling, and it stayed with me all day long. I was troubled with dizzy spells, too."

"Since I have been taking Tanlac however, my stomach has stopped troubling me, and my food agrees with me. I don't have that bloated feeling any more, and that sleeplessness has disappeared. I sleep soundly and get up ready and willing to tackle my day's work. I believe Tanlac is a great medicine for the stomach. It certainly made me feel a lot better."

Tanlac is a vegetable tonic made of roots, barks and berries and is especially designed to build up run down people. If you are not feeling right get a bottle today.

Tanlac, the new vegetable tonic, stomachic, appetizer, combatant and invigorant, is being specially introduced at Evans' Arcade drug store. Tanlac may also be purchased at the Evans Pharmacy (Warren Hotel block, east side square, Newark, and the Hebron Drug Store, Hebron, O. Adv.—11-30-11

## GRANVILLE

(Special to The Advocate.)

Granville, Nov. 30.—Denison University closed on Wednesday for the Thanksgiving vacation, affording opportunity for most of the students to go to their homes. A number, however, who live at too great a distance for week-end visits, are enjoying facilities for really good times in the village, undisturbed by recitation bells and study periods.

"Monomy Place," which through the courtesy of Mrs. J. S. Jones is to be permanent headquarters for the Women's Music club, was opened on Wednesday afternoon for the first of these meetings, with a large attendance of members, associates and guests. Two pianos have been installed in the large "den" at the rear of the house—one of them loaned by J. W. Watt, father of Mrs. C. D. Coons; the other rented by the club. For the "Hansel and Gretel" program scheduled for this occasion, was substituted an inspiring talk by Mrs. C. B. White, on chamber music, the form most satisfying to real musicians. She spoke of the organizing of a permanent local string quartet as one of the most important and forward steps made in musical progress in this community. She gave a delightful glimpse into the history of the string quartet from Haydn's time down to the present, asserting that "admiration grows with knowledge." She analyzed the program to be presented by the Culp Quartet, December 11, in the Baptist church, which is the first attraction on the wonderful music course offered by the festival association. Mrs. White also spoke of the unparalleled opportunity of local singers who can avail themselves of the privilege of singing in the opera of "Tannhauser" to the accompaniment of the New York Philharmonic in March, as the chance of a lifetime. The music of the afternoon was the piano arrangement of a minute to be played by the Culp Quartet, given by Mrs. White, and the rehearsal of Christmas carols by the entire company.

Miss Grace Chamberlain is engaged in finishing a Christmas play which she expects to place in rehearsal under direction of Prof. E. P. Johnston for the benefit of the Granville Red Cross committee. A number of local young people will take part in this original and delightfully musical comedy.

Mrs. Ella Fraker went to Zanesville to spend Thanksgiving with friends.

Misses Rachel Colwell of Morgantown, W. Va., Miss Emily Colwell of Columbus, took Thanksgiving dinner with their parents, Dr. and Mrs. R. S. Colwell.

Prof. and Mrs. K. H. Eschman are in Dresden at the home of Mrs. Eschman's parents, Mr. and Mrs. C. S. Frazier.

Mr. and Mrs. Grove B. Jones are spending the week-end at the home of Dr. and Mrs. B. E. Lindsay in Columbus.

Announcement of the marriage of Miss Addie Tucker of Cincinnati, a former Shepley College student, to Mr. Harry C. Walton, Jr., of Kansas City, Mo., which has just been made, comes as a surprise to Miss Tudor's many friends, as the wedding occurred last April and the secret has been kept even from the bride's most intimate friends. Since leaving college, Mrs. Walton has taught in the Oral School of Cincinnati. Mr. Walton is contracting agent for the General Fire Extinguisher company, with his headquarters in Kansas City, where the couple will be at home after January 1.

H. W. Deming has announced to Center Star Lodge, F. & A. M., No. 11, that he would present the lodge with a service flag to be placed in the club rooms, as about 12 of Center Star's members are in army service.

Born to Mr. and Mrs. Frank Rue of Inlaytown, N. J., on November 16, 1917, a son, Willard Hubert Rue. Mrs. J. D. Thompson and Miss Clara Wright are both visiting their sister, Mrs. Rue.

Mr. and Mrs. George Walker of Cincinnati, are Thanksgiving dinner with their parents, Dr. and Mrs. C. L. Williams.

The death of George Stevens, who has been in failing health for several years, occurred Thursday night at his home in Park Drive. Funeral services will be held at the family residence on Saturday afternoon at 2:30 o'clock. Rev. C. E. Stanton, a former pastor of the Stevens family, officiating. Mr. Stevens is survived by his wife and two daughters—Miss Caroline of the home and Mrs. Franklin Sweet of Minneapolis, Minn.

**PAINLESS JOINTS**

The Country is Full of Them Since Druggists Commenced to Sell Neutrone Prescription 99"

There is no reason on earth why any one should suffer another day with painful, inflamed, swollen joints or muscles of any kind arising from rheumatism, when you can get a large bottle of "Neutrone Prescription 99" for 50c and \$1.00 the bottle.

Not a liniment, mind you, to clog up the pores, but a blood-purifying, soothing and healing internal remedy that takes out all soreness and pains and leaves the muscles feeling fine and comfortable.

You may be so sore and crippled that you can not get around, but take a few weeks' treatment of "Neutrone Prescription 99" and you will enjoy entire freedom from rheumatism.

Use "Neutrone Prescription 99" for chronic rheumatism, for gout, for the kidneys. Use it when you feel an attack coming on and you will be mighty well pleased with the result. —Advertisement.

**TOO MUCH TURKEY.**

Toledo, Nov. 30.—John Smurr, 22, ate a heavy Thanksgiving dinner last evening, got up from the table and fell over dead.

## Baby's wash needn't be a burden

Wash the little one's clothes with Fels-Naptha soap. It keeps them spick and span without boiling and with mighty little rubbing. You'll save a lot of time if you wash the "diddies" every day with Fels-Naptha. It is perfect, too, for tiny shirts and dainty dresses. Solve the problem of baby's wash tomorrow by buying Fels-Naptha.

perfected an instrument which literally Re-Creates all forms of music?

## The New Edison

"The Phonograph with a Soul"

**EDISON NOW GIVES YOU MUSIC'S RE-CREATION**

What is Music's Re-Creation? Are these words merely an empty phrase of advertising—or do they have the significance of reality? You are familiar with the thin-toned voice of talking machines. You know that a talking machine's alleged reproduction of an artist's voice or instrumental performance has but a faint resemblance to the original. What will you say, then, if we tell you that the genius of Edison has

sings to you and plays to you exactly as the artists sang and played to it. It stores away every tone and every tone color, and gives them back to you with a fidelity which baffles detection from the original.

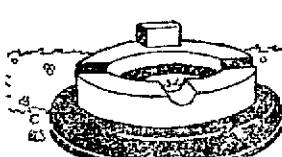

More than a million music lovers have heard the New Edison compared in public with its Re-Creation of the voices (or instrumental performance) of more than thirty different great artists. The music critics of over five hundred of America's principal newspapers concede in the columns of their own papers that an artist's actual performance (vocal or instrumental, as the case may be) can not be detected from the New Edison's Re-Creation of that performance.

**VICK'S VAPORUB****A GREAT CHANGE ENTERS INTO LIFE OF STOREKEEPER**

A certain unassuming gentleman in this city who happens to be a prominent dealer, and who up to a few weeks ago had become a recluse because of his physical condition, tells this remarkable and most interesting tale:

"For a number of years," he said, "I have been so closely confined to my business working zealously to make my store representative in every respect that wear and tear finally got me. My face became drawn and haggard and my disposition seemed to urge people to evade me. It was then that I began to despise my own company. My bookkeeper, who has been with me a long time, one day suggested that I needed a rest and that my nerves required attention. She told me that her father had been in the state of health which I was experiencing and that he had taken Phosphated Iron. 'Look at him now,' she said. 'He works ten hours a day and appears to be the happiest man in the world, which he believes he is, he says.'"

All this happened less than a month ago. I followed the advice and took at me now. Back in the harness with a smile all the while. I am feeling more fit than ever. When I see a tired-looking face the name of Phosphated Iron immediately comes in my mind. I am convinced that it is converting many a worn-out body into a life rich in thought, ambition and enthusiasm."

Special Notice—To insure physicians and patients receiving the genuine Phosphated Iron we have put up in capsules only, so do not allow dealers to substitute pills or tablets, insist on the genuine in capsules only.

**STUBBORN ECZEMA HEALED BY AMOLOX**

The New Discovery for the Relief and Cure for Chronic Skin Diseases.

We are daily receiving letters of praise from people who have been cured by Amolox. Many of them tell how, for years, they have tried different remedies and doctors in the vain effort to find relief. Some become discouraged and lose all hope of ever being cured. E. R. Frisbee, 187 Sycamore St., Mansfield, O., writes: "Our baby's face was covered with eczema scales, sores and scabs. She was a pitable sight. We tried everything. Took her to Pittsburgh doctors but were unable to find any relief until we used Amolox. It cured her within a short time."

Amolox Ointment alone will quickly banish pimples, blackheads and take out all redness of the skin and cure most forms of skin disease. Eczema, chronic cases of Eczema, Psoriasis, Tetter, that have lasted for years, yield more quickly when both ointment and liquid are used. Trial size 50c. T. J. Evans Drug Store, of Newark, guarantees Amolox, and will refund the money if it fails to give satisfaction. Send postal for free sample to Amolox Laboratories, Youngstown, Ohio. Adv.

**RHEUMATISM**

Physician Believes a Genuine Remedy for the Disease Has Been Found.

Rheuma, the wonderful rheumatism remedy sold by T. J. Evans and all druggists, gives quicker and more lasting relief than other remedies costing many times as much.

Rheuma passes the deadly poisonous secretions into the bowels and kidneys, from which they are quickly thrown off in a natural, healthy way. Read what a reputable physician says about Rheuma: "I have made a most careful investigation of the formula employed in the manufacture of Rheuma, and I heartily recommend it as a remedy for all forms of rheumatism. I find Rheuma far in advance of the methods generally employed in the treatment of rheumatism, and altogether different in composition from the remedies usually prescribed."—Dr. Lyons.

This should give any sufferer from rheumatism confidence to try Rheuma. Advertisement.

**REO 1500 POUND SPEED WAGON**

Is a Real Truck Built In the Reo Factory, and Built For Genuine Truck Service—Its Adaptability Seems Almost Limitless

It is interesting to note the rapidity with which the old horse drawn vehicles are being replaced by automobile trucks in all the important mercantile centers of the United States and Europe. Saving of time in hauling and delivering, and the consequent economy in this most necessary work, are the two chief reasons for the change. Take, for example, the Reo fifteen hundred pound speed wagon, sold by the Service Auto Company. Being capable of a speed of twenty-two miles per hour, this truck is ideal for delivering all manner of wares in the city; for carrying farm produce to market and milk, cattle, hogs, sheep and other stock to shipping points and slaughter house. Contractors, coal dealers, supply houses, furniture dealers, grocers—all find this "Reo 'hurry-up'" wagon indispensable after giving it a trial. Its adaptability seems almost limitless.

The Reo is not a makeshift or a converted touring car. It is a real truck, built in the Reo factory and is built for genuine truck service and abuse. Some of its salient features are: A long wheel base of 128 inches, permitting a long body without overhang; a full floating rear axle; Timken and Hyatt roller bearings; Remy electric starting and lighting system; a dry multiple disc clutch. It is the most accessible motor truck ever built. Immediate deliveries can be secured as Reos are carried in stock by Messrs Allison and Stevens of the Service Auto Company, who are the local distributors.

**ACCEPTS RUSS TERMS TO BEGIN A PEACE TREATY**

Amsterdam, Nov. 30.—The Austro-Hungarian government according to a dispatch from Vienna has sent an official reply accepting the Russian government's wireless proposal to enter into negotiations for an armistice and a general peace treaty. The reply was sent yesterday and is as follows:

"The guiding principles announced by the Russian government for negotiations for an armistice and a peace treaty counter proposal to which are waited by the Russian government, are, in the opinion of the Austro-Hungarian government a suitable basis for entering upon these negotiations. The Austro-Hungarian government therefore declares that it is ready to enter upon negotiations as proposed by the Russian government regarding an immediate armistice and a general peace. (Signed) Czernin, Foreign minister."

**RUSSIAN ENVOYS TO MEET GERMANS SUNDAY AT NOON**

London, Nov. 29.—The Russian envoys sent to treat with the Germans, according to a Reuter dispatch from Petrograd, have telegraphed the Bolshevik leaders that the Russo-German plenipotentiaries will meet Sunday noon at the crossing on the Dvinsk-Vilna railroad, west of the village of Kukharishky, between the opposing military lines. Thence they will travel by special train to German headquarters at Brest-Litovsk.

**DESK WARRIORS TO BE TABOODED**

Washington, Nov. 30.—Desk warriors—army officers of draft age in non-fighting service—are no longer to be added to the war department rolls, except in special, unusual cases, Secretary Baker in an informal decree, published today, expressed his strong disapproval of the practice of placing men of fighting age in positions that might be occupied by older men.

Further applications for commissions from men between 21 and 30 years of age will be rejected unless the applicant can exhibit adequate proof that his capabilities in a special line of service exceeds those of some men immune from the draft.

**HUNG HIMSELF IN POSTOFFICE**

Toledo, O., Nov. 30.—Carl R. Wallburg, a machinist, 19, shot his wife and her eight-year-old son last night, then hanged himself in a post-office station.

Mrs. Wallburg is near death with a breast wound and two wounds in her back. Cole sustained only a slight scalp wound. The shooting occurred in front of a rooming house conducted by Mrs. Wallburg as she and Cole were returning from a movie theater. The Wallburgs had been married 14 months.

**MUMPS AND MEASLES IN SOLDIERS' CAMP**

Fort Oglethorpe, Ga., Nov. 30.—Two hundred and forty cases of mumps and 80 cases of measles prevail among the 30,000 soldiers at this point, but there have been few deaths and the situation is not alarming. Nearly all those who have died of measles were from states where the hookworm rate was high.

**PATRIOTIC WILL BE SERVICES AT THE M. E. CHURCH**

Next Sunday at the First M. E. church all services will be devoted to patriotism. At 10:30 Dr. Sparks, the pastor will speak on "He Hath Not Dealt So With Any Nation." In the evening he will review that wonderful little book, entitled "The Man Without a Country." The book was written by Dr. Edward Everett Hale during the great civil rebellion and from books name ever been published which has made so great an impression on the nation. Patriotic music will be rendered at both services. A cordial invitation is extended to the public to hear these discussions.

**AN OPERATION AVERTED**

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. Thos. McGonigal, 3432 Hartwell Street, Phila., Pa.

**ANNUAL LODGE OF SORROW SUNDAY AT THE AUDITORIUM**

Milk Lodge, No. 391, extends a cordial invitation to the public to attend the annual Lodge of Sorrow at the Auditorium theatre, the exercises to begin at 2:30 o'clock. There will be a special musical program and the eulogy will be delivered by Attorney Fletcher S. Scott of this city and the memorial address by Hon. Warren G. Harding, United States Senator from Ohio. He is acknowledged to be one of the best public speakers in the country and is known as the "silver-tongued orator." His address will be well worth hearing.

The musical program will consist of "The Star Spangled Banner," by the Auditorium orchestra; vocal solo, "Forgotten," by Miss Minta M. Baker; duet, "I Waited for the Lord," by Miss Reba Jure and Miss Helen Rosell; vocal solo, "The Va-cant Chair," by Mrs. Charles W. Mil-lant; duet, "I Love You Truly," by Miss Maud Duval and Miss Minta M. Baker; violin solo, by Mr. Walter Jackson, vocal solo, "A Spirit Flower," by Miss Helen Rosell, and "Auld Lang Syne," members of the lodge.

**TURKEY DINNERS ENJOYED BY MANY BOYS FROM CAMP**

Thanksgiving day in this city was rather cloudy and gloomy, the sun failing to make its appearance at any time. Many family dinners were held and scores of soldier boys were home from Camp Sherman to enjoy a turkey dinner with their relatives, the camp commandant having excused nearly every one who cared to leave for home.

The annual Thanksgiving service was held in the Second Presbyterian church at 10 o'clock, the large edifice being filled to hear the splendid program and the excellent sermon delivered by Rev. R. E. Carman, pastor of the Central Church of Christ. The music was furnished by the Second Presbyterian church choir and was under the able direction of Miss Florence King. The offering taken during the service was turned over to The King's Daughters, and will be used for local charity work.

There were no special programs in the afternoon and the usual holiday crowd was not in evidence. The majority of people preferring to spend the time at home with the boys who will spend their next Thanksgiving in France or Italy or with visitors whom they would entertain. The picture theatres were fairly well patronized in the afternoon and were crowded in the evening.  
A number of dances were given last evening, including the opening of the new Elks dancing emporium, the Phi Sigma Chi at Assembly Hall, the Masonic Club dance and the N. Y. dance at the K. of K. Hall in East Main street, given by members of the Glassblowers association for the benefit of their members who have been called to the colors.

**WILL BE GIVEN ABSENCE LEAVE TO BE PRESENT**

Mess Sergeant Ralph Priest of Camp Sherman has notified the committee arranging for the big holiday dinner for the soldier boys in the various military camps enlisting from this county, that officers in charge of the several batteries at Camp Sherman have agreed to dismiss the boys from this county from four o'clock on the afternoon of the dinner until ten o'clock that night. The dinner for the Camp Sherman boys will probably be given at the Elk club rooms in Chillicothe, the banquet hall seating 195 people. There are 192 boys from this county in camp at that place. A caterer will be engaged from that city who will have complete charge in preparing the big feast. It is possible that a dinner will be arranged for the 16 boys in camp near Little Rock, Ark., at one of the big hotels in that city. The matter is being taken up with officials at that camp. Plans have not been worked out for the dinner at Camp Sheridan, Montgomery, Ala., but it may also have to be given in the city at one of the club rooms or hotels. However, they will be well provided for.

Chairman George Graesser of the committee of arrangements states that he is receiving good reports from the captains over the county a number having turned in splendid subscriptions. The big drive for city funds will be made next week, although a number of captains from the factory districts report meeting with the best of encouragement.

Any one desiring to contribute either cash or provisions can do so by calling on either Mr. Graesser or Emmet McDaniel, secretary and treasurer, and the donors will be given proper credit. Provisions or foodstuffs of any kind can be left with the latter and it will be placed in cold storage until it can be used. The boys in camp are eagerly anticipating a good time one evening during the holidays, when they will be the guests of the good people of old Licking county.

**Killed by Poisons**

All scientists agree that poisonous products in the blood are eliminated by the kidneys and liver. The kidneys act as a kind of filter for these products. When the kidneys are changed or degenerated, by disease or old age, then these poisons are retained in the body. If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y., says that you should drink plenty of water daily between meals to flush the kidneys. Then procure at your nearest drug store Anuric. This Anuric drives the uric acid out. Scientific men have learned that in gout, also rheumatism, poisonous uric acid crystals are deposited in or about the joints, in the muscles—where inflammation is set up.  
If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month. Anuric is many times more potent than lithia and dissolves uric acid as hot water does sugar.

SALINEVILLE, OHIO.—"I have used Dr. Pierce's Pleasant Pellets with good results for pain in back and sides, and would recommend them to anyone suffering with kidney trouble."—R. W. GOULD, Main Street.

COLUMBUS, OHIO.—"I have used Doctor Pierce's Pleasant Pellets and found in them one of the best remedies for biliousness and to regulate the bowels. I suffered untold agony with bilious attacks and tried many remedies and my local doctors, with little relief. I was told of Dr. Pierce's Pleasant Pellets and received the most speedy and lasting benefit I have ever found."—HENRY F. CHASE, 282 South Third St.

**WELL KNOWN FARMER DIES SUDDENLY ON THANKSGIVING DAY**

Charles Franklin Francis, aged 54 years, a well known farmer of Franklin township, died Thursday morning about 8 o'clock at his home seven miles southeast of this city.  
Mr. Francis had been enjoying good health and had been in Newark the evening before dying with his friends about the coal veins which had been discovered on his farm a couple of weeks ago. The vein was from 24 to 30 inches thick and several wagon loads had been hauled to Newark. It was being uncovered and some coal taken from the same just previous to his death.  
Mr. Francis had intended butchering yesterday and when his wife awakened him he complained of not feeling well. A short time later he requested her to send to this city for a physician, but he passed away before the latter arrived. Death was probably due to apoplexy, as he had eaten a hearty supper and was in the best of spirits when he retired for the night.

Mr. Francis is survived by his widow and seven children, five sons and two daughters. The funeral will take place Saturday morning from the Fairview church and interment will be made in the Barnes cemetery.

### SOLDIERS HURRY BACK FOR MUSTER AT CAMP SHERMAN

(Associated Press Telegram)  
Camp Sherman, Chillicothe, O., Nov. 30—Selective service men who spent Thanksgiving at their homes were pouring into camp today hurrying back for the muster of the division which was held at 10 o'clock this morning. The muster served to check up on men returning to camp as well as to make up the monthly payroll, fruits of which are expected to reach the men about December 10. Before receiving the passes al-

lowed them to be away from the camp for 18 hours, men had instructions that all overstaying of leaves would be dealt with severely and there were very few such cases. It became known today that one of the purposes of the first Wednesday of Assistant Secretary of War Crovel was to receive further particulars as to General Denny's plan for the state of Ohio war commission providing for the handling of family and personal troubles of men in camp, with the probable intention of applying it all over the country. Another building is to be added to those already erected for the comfort and pleasure at Camp Sherman. It has been announced that the Young Women's Christian Association will begin work in the near future on a large structure which will be placed near the Red Cross com-

munity house for the purpose of providing a place where selectees may meet relatives and friends. Lack of such a place in the past has made visits to camp by ladies rather inconvenient and this addition will be welcomed by thousands of visitors. Warrants for the appointment of 47 non-commissioned officers in the 405th motor supply train which will soon be on its way to France gave more evidence today that the unit move very shortly. Everything is ready for entrainment at the barracks and the men are impatiently awaiting the day when they will start on the first leg of their long journey to France. Thirty-two more discharges because of physical disability were made here today mainly among the negro draftees who were the last to arrive in camp. The men will be sent to their homes as soon as possible.

Officers in charge of the selection of candidates for the officers training camp which will open here on January 5 are now preparing to make up lists of the men they will recommend for admission to the school. These will be given examinations and the ten per cent. quota from each company will be pared down somewhat before final permission to take the training course is given the men selected.

### FATHER OF NEW U. S. NAVY DIES AT CONCORD, N. H.

Concord, N. H., Nov. 30—William Eaton Chandler was, as secretary of the navy in President Arthur's cabinet, was largely responsible for the beginning of the modern United States navy, and at his home here today.

Mr. Chandler was a member of the U. S. senate for 14 years, having been appointed to fill an unexpired term in 1887 and twice re-elected.

While in Washington last March Mr. Chandler was stricken with illness. He was able to return to New Hampshire later and spent the summer at his country estate in Water-loom. This fall he came to his home here where his health steadily failed him.

In a lifetime of public political activity and almost continuous controversy, the one title freely accorded by men of all parties to William Eaton Chandler was that of "Father of the New United States Navy." As secretary of the navy under President Arthur, Mr. Chandler, on June 11, 1883, approved the plan for the organization of the navy which resulted in the development of the present fighting fleet.

Born at Concord, N. H., Dec. 28, 1835, Mr. Chandler was educated at academies in New Hampshire and Vermont and was graduated from the Harvard law school at the age of 19. One of his classmates at the law school was Joseph H. Choate. He entered politics at once, served three terms in the New Hampshire House of Representatives and was elected speaker of the House when but 27 years old. His first entrance into national political affairs was as one of the founders of the Republican party and a supporter of Abraham Lincoln. President Lincoln appointed him solicitor and judge advocate general of the navy in 1865, and three months later he became first assistant secretary of the treasury.

While secretary of the navy, Mr. Chandler organized the expedition which, under the command of Captain Winfield S. Schley, went to the relief of the Greely Arctic expedition party.

### NERV-WORTH GAVE W. H. SHEPPARD HAPPY SURPRISE

Banished Civil War Veteran's  
Nervous Ills More Promptly  
Than He Expected.

Mr. Sheppard is a well-known resident of Zanesville, O. Mark what he says:

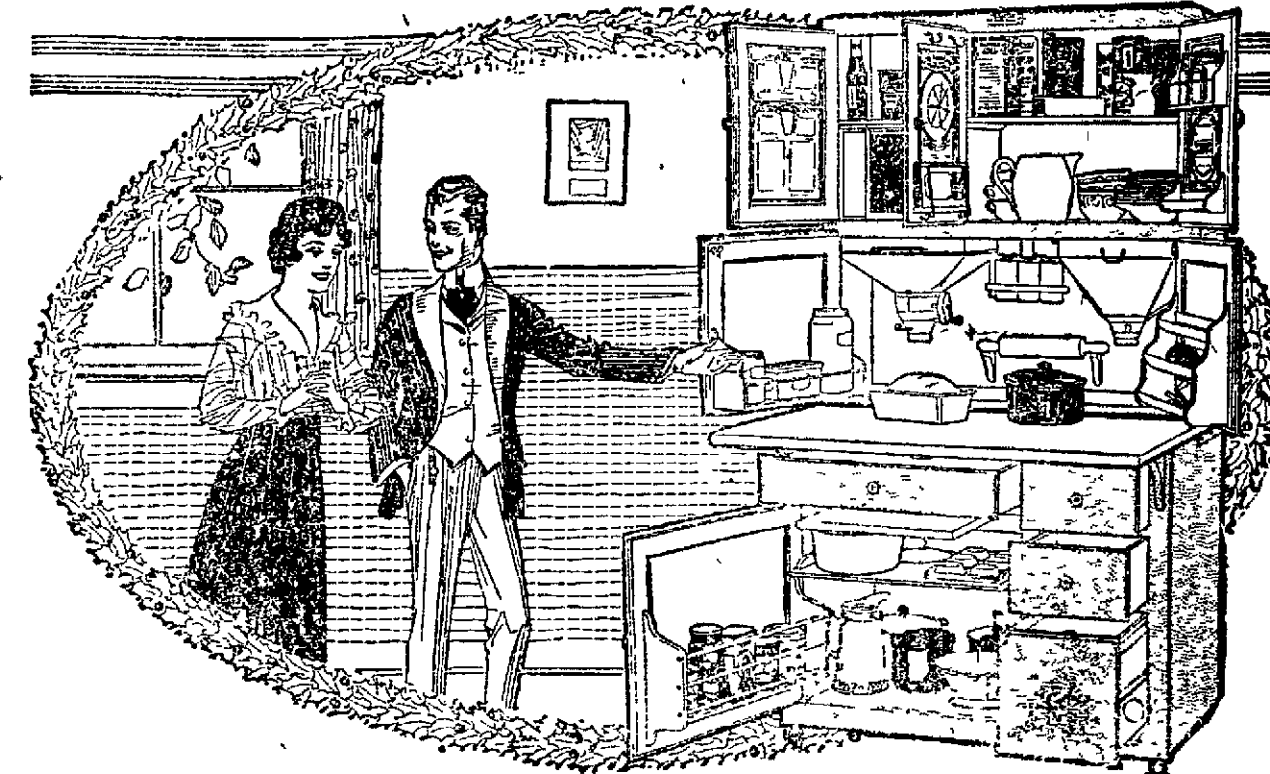

"Since I was discharged as a Union soldier at the close of the Civil war I have been in a very nervous condition. Worked at the Brown Mfg. Co. for many years, and after quitting there I was on the Zanesville police force for four years. I was compelled often to lose much valuable time by reason of nervousness, stomach trouble, indigestion and constipation. For the last four years have been unable to do any work. Helped my son in his store until he sold out.

"I heard of the great benefits others had derived from Nerv-Worth and bought a bottle. To my surprise I immediately commenced to gain in health and strength and was able to plant and attend to my two large gardens. I am now enjoying good health for my age, 76 years. My stomach trouble and other ailments cured. My wife was also very nervous. Could not sleep. Stomach and bowels in very bad condition. Would have severe vomiting spells. Nervousness is all gone. Sleep fine. No stomach trouble. We regard Nerv-Worth as the best remedy we have ever known of. It proved its worth to us and we cheerfully recommend it to others.

### TOLD IN PARAGRAPHS

Congressman J. M. Nelson and son Byron of Wisconsin have been indicted on a charge of conspiracy to violate the registration laws.

Tobacco Millionaire O. H. Payne, son of former Senator Payne, left an estate of \$2 million dollars. He gave a million to Yale, and also to Lakeside hospital of Cleveland, a half million each to Cornell and Phillips Andover academy.

Another "eat or drink" fight is to be staged in Ohio next year. The conference of 200 leaders at Columbus decided to make the amendment effective six months after the election.

It is believed 8,000 more men will be called to Camp Sherman within two weeks.

The 21 British merchant ships sunk by German submarines during the past week was the largest toll in any week since that ending Oct. 21. Fourteen of the vessels lost were over 1,600 tons in size.

More than 5,000 Germans moved from their lodgings in New York when the federal order barring enemy aliens from living within 100 yards of New York's water front went into effect yesterday.

It isn't necessary to go out and borrow trouble. Many a man's troubles are of his own making.

### Klar's Good Health Flour A Perfect Food

Not a whole wheat or Graham but a scientific arrangement of the Brain, Nerve, Muscle, Bone and Tissue elements with all the waste matter removed. While Flour is essentially a carbonate, producing heat or fat. This wonderful preparation has cured nearly all of the human ailments, because it rebuilds and purifies the entire system. It has ALL the elements to rebuild the system and you can dispense with meat and obtain health under ordinary conditions. We guarantee every pound and if not satisfactory in every respect, return the empty bag and get your money back. If it increases you mentally and physically, please tell your suffering friends. It is impossible to contract consumption, appendicitis, etc., unless you eat meat. You can use Klar's Good Health Flour in many more ways than the common white flour. Why take the nitrate and phosphate, the life elements, and feed them to the cattle? Why not eat them in their natural condition and save the system from excess of uric acid and many disease germs by eating the meat.

1. It will positively cure constipation.
2. It will end stomach trouble.
3. It is stronger than meat.
4. It has ten times more nourishment than the common flour.
5. It will end nervousness.
6. It will cause the liver to act normal.
7. It is full of brain and brain elements.
8. It digests very quickly (1 hr. in healthy stomach.)
9. It makes delicious Breads, Muffins, Cakes and Porridge.

## DILLON & GIBSON

GROCERY AND VARIETY STORE  
35 South Park and 27 South Second Street  
Newark, Ohio.

### Why do druggists recommend PLUTO water America's Physic.

THE druggist is frequently called upon to "prescribe" for his customers' minor ills. There is nothing that your druggist is quicker to recommend for constipation—either occasional or chronic—than PLUTO Water, because he knows it is held in high esteem by the medical profession and used by thousands of intelligent Americans who realize the seriousness of irregular and incomplete movements.

Frequently when you feel "out of sorts," constipation is to blame. The next time you have the "blues," take a dose of PLUTO Water and see how soon the sun will shine again.

PLUTO Water is more than a physic—it is a wonderfully helpful remedy agent in the treatment of kidney, liver and stomach troubles, rheumatism and nervous disorders. Look for the little red devil on every bottle. It is there for your protection.

**MUSIC**

John McCormack who will sing at Memorial Hall on December 4th, in Columbus, in addition to his supremacy in the musical world, is also a profound student of literature. Holy Cross College last June conferred on him the degree of Doctor of Literature.

As a student he was a consistent prize-winner and in 1906, he secured second place in the difficult intermediate examinations of Great Britain and Ireland for proficiency in Greek and Latin. In the following year he won the gold medal for English composition, having obtained the highest possible percentage, a feat unknown up to that time and one not since duplicated. Miss Kate Lacombe, whose management McCormack will sing in Columbus, announces popular prices and assures us the great tenor will sing many of the favorites that have made him the most beloved concert singer in America.

# IMPORTANT NOTICE TO ALL PROSPECTIVE AUTOMOBILE BUYERS

THIS IS NOT THE ADVERTISEMENT OF ANY SINGLE DEALER OR MANUFACTURER WITH 'AN AXE TO GRIND'  
BUT A GENERAL TRADE STATEMENT AUTHORIZED BY THE UNDERSIGNED NEWARK DEALERS

## Now Is the Time to Buy Your Automobile!

**GOVERNMENT ORDERS CURTAILING PRODUCTION  
40% TO 50% MEANS A SERIOUS, CERTAIN CAR SHORTAGE**

Never before, has the entire Automobile industry been brought face to face with such absolutely uncontrollable conditions as those with which it is confronted right now. Those who intend to buy Automobiles "a little later," have some facts to face—and a delay of a few weeks will inevitably mean extreme difficulty in securing the car you want and even then the price will surely be higher—for the necessary materials cannot be secured for the production of more than one-half of the normal demand.

The low prices of the past few years came with enormous quantity production and abundance of raw materials, but the future does not permit such vast quantities to continue—it's impossible.

### HERE ARE THE REASONS INDICATING CURTAILMENT OF PRODUCTION

The uncertainty of the market for steel, copper, brass, aluminum and all other metals, for leather, rubber and cotton, by reason of the government's demands for these materials in the prosecution of war, not only means another rise in prices, but may produce a shortage of most and a scarcity of many, raw materials required for automobiles.

The rise in prices will have a tendency to still further decrease buying, thus adding to the production cost of cars.

Before November 1st, the government had asked bids on 74,000 trucks and touring cars, and will doubtless need many more. And the thousands of airplanes ordered will take facilities, raw materials and labor from the regular automobile production.

During the past year—without the tremendous demands of our own government—metals have advanced as follows:

Cast Iron .....	300 per cent	Lead and Antimony.....	125 per cent
Malleable Iron .....	350 per cent	Tool Steels .....	700 per cent
Forgings .....	175 per cent	Alloy Steels .....	350 per cent
Automobile Sheets (for bodies, etc.) .....	200 per cent	Turn Plates .....	350 per cent
		Copper .....	125 per cent

And don't forget that present automobile prices are largely based on costs of materials contracted for before these big advances in prices.

### AS FOR GASOLINE—

A. C. BEDFORD, PRESIDENT OF THE STANDARD OIL COMPANY OF NEW JERSEY, AND CHAIRMAN OF THE PETROLEUM COMMITTEE OF THE COUNCIL OF NATIONAL DEFENSE, RECENTLY SAID THAT, IN VIEW OF THE LARGE NUMBER OF NEW OIL WELLS WHICH HAVE BEEN RECENTLY OPENED, HE SEES NO POSSIBLE CHANCE FOR ANY SHORTAGE OF GASOLINE OR OIL DURING THE WAR.

For fear of cutting down their sales, manufacturers have maintained old prices while materials lasted that were bought at old costs. Some have been said to have sold their cars at a loss hoping against hope that the war might end and prices come down, before losing their markets.

Such concerns will hardly be able to build even to meet a 50 per cent production—indeed, it is doubtful if some of them will see their way clear to continue the manufacture of cars after their present meager stocks of materials are exhausted.

The cost of labor has already increased very materially—the army draft will tremendously increase the shortage of labor—in fact, it may be impossible to secure sufficient men to take care of the decreased motor car construction.

### Right Now Is the Most Favorable Opportunity To Buy a Car that May Occur for Years

Today motors and designs are practically perfected—few and only minor improvements are likely to be made. Present engineers are the best in the world—they who have made the American automobile what it is, may be withdrawn from automobile designing, to the government's important work.

Higher prices are sure to prevail—but the main reason for immediate buying is the inevitable coming scarcity of cars—but you will save money by buying now, and make money later when the time comes for you to sell your used cars.

There never was a time when a car was so useful as now—with the trains reduced in number—with freight congestion—with fewer store deliveries—with so many other pleasures restricted, the owner of an automobile is independent of the whims and caprices of others, and the stern necessities of business—he may go and come at his own discretion.

## SOCIAL EVENTS

SOCIETY EDITOR, AUTO 'PHONE 23123.

Miss Gladys Blue was delightfully surprised Monday evening at her home near Bladensburg by a number of her friends who called to remind her of her eighteenth birthday anniversary. Miss Gladys was the recipient of a number of presents, among which was a set of silver spoons, presented by the Bladensburg high school. The evening was spent in music and games and at a late hour dainty refreshments were served.

The guests were: Misses Elizabeth Porterfield, Mildred Fowls, Ella Fawcett, Donna Hardesty, Nellie Clark, Dorothy Stricker, Irene Blue, Alta Jones, Roselle Melick, Anez Martin and Gladys Blue; Lawrence Miser, Bud McKee, Dean Billman, Glenn Hess, John Dugan, Waldo Ross, Sanford Stricker, Maurice Ross, Marcus Blue, Lee Dawson, Harold Scott, James Ryan, Wm. Eley and Mr. and Mrs. W. O. Blue.

What proved to be one of the most delightful dancing parties given by the Elks was that of Thanksgiving night when the formal opening of the new ballroom, adjoining the club, was held.

The camaraderie, which is marked among the members of the organization, was more pronounced Thursday evening when the first dance was given in the home-building. The luncheon was served buffet-style in the dining-room and an orchestra from Columbus furnished an excellent dance program.

Among the dancers were: Messrs. and Mesdames F. G. Clunis, C. E. Livingston, E. J. Maurel, Chas. A. Smith, J. F. Cherry, Chas. Trees, Wm. O. Korb, J. M. Ankele, O. A. Griffith, Chas. H. Swank, M. C. Risher, J. P. Shal, W. H. Harris, Walter W. Connel, J. F. Irwin, John W. Braddock, C. D. O'Hara, D. H. Murphy, Carl S. Swisher, Geo. E. Graesser, Homer D. Jones, Fred Woltjen, D. H. Alspach, W. F. Fitzgibbon, Roy G. Lane, W. B. Winger, T. L. Davies, Jr., G. E. Besanecney, J. Byron Dickinson, Fred Schonberg, Oscar Scheider, K. A. Reinhold, Henry Werner, B. E. Rutherford, and Mr. and Mrs. A. E. Williams.

J. Dillon, Louis Elliott, Nelson Metz, Ray Wintermute from Camp Sherman.

### Munthney—Evans.

Military in appointment, yet marked by the utmost simplicity, the wedding of Miss Rosetta Evans, West Main street, and Sergeant Munthney of Springfield, was solemnized at St. Francis de Sales church, Thanksgiving morning at 8 o'clock.

As the strains of the Mendelssohn wedding march were played by the organist, Miss Carrie Brennan, the bride party took their places at the priedieux in the sanctuary, which were arranged in a half circle with high altar was arranged with white chrysanthemums, and lighted with numerous candles. The bride wore a traveling suit of the new beet-root shade with taupe hat and shoes, and a military cape of gray fur and chiffon. Her bouquet was a corsage arrangement of bride's roses and spirea. The only attendant was the bride's maid, Miss Winifred Evans, who was gownned in a suit of golden velvet with black furs and a hat of black and gold. Her bouquet was of pink roses. Sergeant Munthney was attended by his brother, Clifford A. Munthney of Springfield, and Rev. Father B. M. O'Boyle read the marriage services and celebrated the nuptial mass.

Following the service a wedding breakfast was served to twenty-five at the bride's home. The national colors were effectively used throughout all the rooms, and the tables were charming in their appointments of red, white and blue—the nut cups, place-cards and favors carrying out the military idea.

Among the out-of-town guests were: Mr. and Mrs. J. Raymond Barrett of Columbus, Mr. Clifford Munthney of Springfield, Miss Julia Wolfe, Mrs. Mary Cassidy and Master Dick Vercoe of Columbus, Mr. and Mrs. William G. Stal, Mrs. Elizabeth Lohrer and Mr. Charles Lohrer of Chillicothe, and Miss May Cadden of Chillicothe.

Sergeant and Mrs. Munthney left for a short wedding trip and will be at home after December 15. East Chittenden avenue, Columbus. Sergeant Munthney is located at the aviation school at Ohio State University, Columbus, and Mrs. Munthney is the daughter of Mr. and Mrs. D. W. Evans, West Main street, and has been studying voice in Columbus.

### Fisk—Smith.

Announcement is made of the marriage of Miss Amanda Fisk, of this city and Rupert B. Fisk, a soldier, in camp at Camp Sherman, Chillicothe. The wedding took place at the parsonage of the Central Church of Christ, Wednesday afternoon, Rev. R. E. Carman officiating.

The announcement has just been made to their friends.

### Brill—Warrington.

On Thanksgiving day at 12 o'clock, the marriage of Miss Dottie Warrington and Wilbur George Brill was solemnized by Rev. R. E. Carman, pastor of the Central Church of Christ at parsonage of the church? The bride was attended by Miss Amanda Mours while the bridegroom's best man was Mr. Evan Warrington.

A wedding dinner was served following the ceremony at the bride's home in Woods avenue. Mr. Brill is a master at a tool company in Cambridge, where they will be at home.

### Berry—Howarth.

On Wednesday evening, Rev. Geo. Bohon Schmitt, pastor of St. Paul's Lutheran church officiated at the marriage of Miss Eleanor Anna Howarth and Mrs. Frank G. Berry. The wedding took place at the parsonage of the church in North Fourth street, and the attendants were Miss Hazel Cummings and Mr. M. G. McQuirk.

Mr. and Mrs. Berry left on a wedding trip and on their return will be at home in Maple avenue. The bridegroom is employed as a wire weaver.

Miss Bertha Latimer was the honor guest at a delightful afternoon party on Wednesday arranged by Mrs. Fulton Van Voorhis at her home in Webb Place. The guests numbered sixteen.

Mrs. Clarence Heisey entertained with an evening bridge party on Wednesday, having as her honor guests, Miss Bertha Latimer and her fiancé Lieut. Leon Shinn. The favors for the game were awarded to Mrs. George Upson and Lieut. Shinn. Mrs. Heisey's guests numbered about twenty.

### Cramer—Miller.

Wm. A. Cramer, employed in the Wehrle foundry, and Miss Bertha Miller, were married Wednesday evening by Rev. E. Kraft, the ring ceremony being used. They will reside in Western avenue.

### Litten—Willard.

Neil H. Litten and Miss Lulu F. Willard of Grant street, were married yesterday morning at 10 o'clock at the parsonage of Rev. Paul E. Kemper in East avenue. They will reside in Grant street. Mr. Litten is employed as a plumber.

**Daniels—Dumbauld.**—The wedding of Miss Irene Dumbauld and Mr. Charles E. Daniels was solemnized at the home of the bride in Alexandria on Thanksgiving day at high noon.

The Dumbauld home was prettily decorated for the occasion and the bride wore a lavender silk. She was attended by Miss Hazel Daniels, while the bridegroom's best man was Mr. Jay Mowery. Mrs. Casper Dumbauld played the wedding march.

A wedding dinner was served, following which they left for a wedding trip and on their return will be at home in West Main street, Newark. Mr. Daniels is an employee of the Wehrle company. Among the out of town guests attending the wedding was Miss Emma Boggs of Newark.

The Masonic Social club entertained with a delightful dancing party at the Masonic Temple, Thanksgiving night. A colored orchestra from Columbus afforded attractive dance music and the following were among the dancers: Messrs. and Mesdames James W. Horchler, Clarence Sudbury, John W. Evans, Paul N. Halbrook, Fred Schimmel, W. L. Lewis, O. L. Hall, K. A. Reinhold, W. E. Boyer, O. Riggs, George H. Weaver, V. E. Shrontz, Thomas F. Lamb, F. A. Sharp, H. B. Anderson, M. Rogow.

Misses Beatrice Kelyev, Buelah Swisher, Edna Loomis, Lena Biebach, Wilma Cooperider, Mahel Alward, Lila Ritter, Olga Johnson, Isabell Miller, Katherine Mart, Lois Marple, Larie Swartz, Mabel Hughes, George Arbaugh and Rena Schartz of Zanesville.

Messrs. D. D. Greiner, B. A. Oatman, Fred Waverton, R. G. Downs, D. M. Roney, Paul R. Murphy, Fred Allison, Roy Kuppinger, Charles Hughes, Harry V. Kuppinger, Foster E. Wyant, Clyde Farmer, S. D. Beaumont, Searl Watts, Paul M. Henry, G. R. Evans, L. N. Plaine, Dr. W. V. Prior, Lieut. Harold Rutledge and Lieut. and Mrs. J. A. Brown.

Mrs. Harry Collins was hostess to the members of the Progressive club on Wednesday afternoon at her home in Western avenue. The hours were spent in sewing for the Red Cross, and a contest was held in which Mrs. E. O. Hilles won the favor. Delicious refreshments were served. The club will meet in two weeks at the home of Mr. Floyd Graham in Ninth street.

### Berry—Rhodes.

On Wednesday evening at the home of the officiating minister, the marriage of Rev. Calvin G. Hazlett, the marriage service was read in the wedding. Mr. Albert J. Berry and Mrs. Orpha C. Rhodes, both of this city. They were accompanied by the two daughters of the bridegroom and the daughter of the bride. They have the best wishes of their numerous friends.

### Feeney—Young.

Attractive in its simplicity was the wedding of Miss Christine Young and Lieut. Thomas A. Feeney, which was solemnized at the Central Church of Christ, Thursday morning at 10 o'clock. Thanksgiving morning at St. Francis de Sales church.

Both the bride and bridegroom were unattended, and as they took their places in the sanctuary the wedding march was played. The chrysanthemums, while the priedieux were covered with white and festooned with smilax. Rev. Father Spangler, assistant pastor, read the marriage service and celebrated the nuptial mass.

The bride wore a suit of beet-root chiffon and broadcloth, and her hair shoes and gloves were of gray. She wore a gray tulle fur-scarf and carried a gray tulle prayerbook.

Following the ceremony a wedding breakfast was served at the home of the bride's brother, Mr. and Mrs. Wm. M. Young. The appointments were in white, the table being centered with a basket of white flow-

# Weather Conditions Make Possible These Out Of The Ordinary Coat Values

Coat manufacturers watch the weather as closely as the captain of a boat or the owner of a peach orchard. Oftener than not, slumps in prices of coats may be traced to the thermometer—and have nothing to do with the style or quality of the garments. When you think of these coats at the prices quoted remember that the weather has been comfortable this month and a year ago it was freezing. Those who desire an explanation of such values now have it.

## Milady's Boudoir

### The Finger Nails.

In treating the finger nails the greatest care and delicacy should be exercised. The orangewood stick and a little friction will do better work than the cuticle knife and scissors. Never scrape the nail.

After grooming each finger end, dry with a soft bit of old linen and anoint with a cuticle cream until time to polish when the cream may be removed. Great care should be taken to wipe all the emollient off from the base of the nail.

For the polish one needs a jar of nail paste and a small polishing stone which is more convenient and less wasteful than the old-fashioned powder. Each nail is touched with a small amount of the paste, the polishing stone is rubbed over the chamois skin buffer and then the shining up process begins.

Polish the nailbrush. Since the paste and the dry substance are both worked into the cuticle to a certain extent, the polishing must be followed by a "once over" with the orangewood stick which has been dipped in the soapy water.

Rinse the hands in clear cold water, dry very carefully, give a final polishing with the palm of the other hand and finish with a few drops of toilet water. The small rim of epidermis which laps over the nail should be gently released each morning with the orangewood stick after the hands have been carefully bathed.

## Our Boys and Girls

Be sure that your baby gets good milk after weaning. If one lives in the city where the certified milk is known by inspection to be handled in a cleanly manner and obtained from healthy cows, the milk of such a dairy is all right.

In the smaller town and village, the question of where to obtain the best milk may be answered by a personal inspection of the dairy. The rows, the manner of obtaining the milk and caring for it from the time it leaves the cow until it reaches the purchaser.

All utensils used to mix the milk should be sterilized, scrubbed in soap and water, immersed in boiling water and used for no other purpose.

## Every Day Etiquette

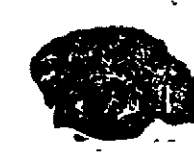

"What is expected of one who receives a friend's card bearing a new address?" questioned Anna. "One should call, if possible, in the near future," answered her mother.

Quit, Preaching, Now Preaching. Are you trying to economize? Yes, I've actually got on so far that I've quit telling other people what to go without and am going without a few things myself.—Washington Star.

**Wall Street.**  
(Associated Press Telegram)  
New York, Nov. 30.—Copper's three point decline and Baltimore and Ohio's drop of 1 1/2 points to the new minimum of 48 featured the initial trading of the stock exchange today. Other rails and industrials were depressed presumably by a consideration of military needs. The market continued to ease during the forenoon, Pennsylvania and Baltimore and Ohio extending their minimums, with additional losses in other rails, steels, coppers, tobaccos and oils.

"YOU NEVER FIND AN EXTRAVAGANT SHOPPER HERE"

# From Now On Thoughts Should Turn To Christmas Gifts

We are all ready for Christmas shoppers. Every department is filled with its holiday lines, which are placed on sale early this season, and many of these lines cannot be duplicated, when the present assortments are broken. Considering conditions in the market, it behooves everybody to make their selection of Christmas gifts soon, while the stock is complete.

**YOU CAN SELECT YOUR GIFTS NOW  
AND HAVE THEM HELD UNTIL CHRISTMAS**

By making a small payment on them. This will give you the opportunity of selecting your gifts early, while the stocks are complete.

**IT IS TO YOUR ADVANTAGE  
TO SHOP EARLY IN THE MONTH  
AND EARLY IN THE DAY**

Assortments are better; service is unrestrained; crowds are not too great for comfort.

## The Real Home of The Christmas Spirit is Toyland

Grownups, when they see the round-eyed, childish-faces, seriously deciding what they want Santa Claus to bring them, cannot help but imbibe the true Christmas spirit. If you have no youngsters of your own, help the children of someone else to enjoy this—the children's season. Bring them in to see the thousands of interesting things to be found here, and share in their pleasure, as they tell you what they want Santa to bring them. Everything to delight wide-awake children of all ages will be found on display now.

**For Outdoor Play**—All kinds of Vehicles, such as Shoo-flys, Autos, Triekycles, Velocipedes, Kiddie Kars, Sleds, etc.

**For Indoor Play**—Mechanical Toys and Trains, Model-Builders, Drums, Gums, Dolls, Doll Furniture, Play Tables, Pianos, Music Boxes, Teddy Bears, Stuffed Animals, games of all kinds, Tinker Toys, and hundreds of small toys.

Remember, it means a great deal to the children and all your friends, whether you shop early this year. By starting your holiday shopping now you will be able to get just the thing you want.

## IMPERIAL GERMAN CHANCELLOR IN ADDRESS TO THE REICHSTAG REVIEWS THE WAR SITUATION

(Continued from Page 1.)

are seeking near Cambodia a decisive result. The hope which Great Britain placed upon the wholesale use of tanks has not been fulfilled. They lie destroyed on the battlefield by successful German countermeasures. The initial British success was parried by the entrance of our reserves.

"The French also have had local successes northeast of Soissons and before Verdun, but every strategic exploitation of these has been prevented by the German army command. Everyone remembers the events in the east which led to conquest of Riga and Jacobstadt.

"The glorious advance of the armies of the central powers in Italy holds the world in suspense even today. Overwhelmingly difficult tasks have been accomplished there by the fighting strength of the German Austro-Hungarian troops in their surprisingly rapid attack and penetration of the rough mountain territory. Italy's army has lost a considerable part of its forces and at least half of its total war material. It also has lost stretches of land which provided it with rich supplies. It has not yet been possible to collect all the booty, calculated in millions of marks which has fallen into our hands.

"Further the success of our victories from the Isonzo to the Piave is

an effective roller to our western front. In the same way this victory also makes itself felt in Macedonia as the enemy now appears to be giving voluntarily the slight success which he obtained west of Lake Ochrida.

"From the Sinai peninsula the British are operating against the Turkish troops in Palestine and have been able to achieve certain initial successes there. These, however, have no influence on the general war situation from a military point of view. In the theatre of war in Asia Minor and in Arak the situation is unchanged."

After declaring the German war fleet had fully fulfilled the hopes and expectations placed in it the chancellor continued:

"The high seas fleet, whose constant activity often has been veiled from the public view, deserves the thanks of the country. It has since its glorious day off the Skagerrak, lately shown, after a long interval in the capture of the island of Oesel, bago and Moon in typical co-operation with the army, and in its latest successful fight in the German bight in the North sea against a considerable superiority of forces, its constant readiness for battle. As a support and reserve it stands behind our submarine boats, it protects their places of support and opens out a way for them into the open sea."

The chancellor then reviewed the submarine campaign, which he said is the only effective way of battling against the power of Germany's enemy and the "economic war forced upon her." He was hopeful of its success and said that the allies were unable to make progress against it, either by commandeering neutral ships, or building new ones.

Count von Hertling expressed the wish that the territories formerly under Russian sway—Poland, Lithuania and Courland—could have the right of choosing their own governments and could obtain the political from which corresponded to their conditions and culture. He said that affairs in this direction were still completely in a state of uncertainty and that reports in the press indicating that a definite agreement had been reached on one point were premature.

He referred to Germany and her allies as having placed themselves on the foundation of the papal peace note of August and said that every ground had been removed for the "foolish argument" that the object of her enemies was to destroy German militarism which was destroying the peace of nations. He said:

"It has been shown where, in truth, the peace destroying militarism can be sought. The Italian minister, Sonnino, in his speech on October 26, expressly waived the thought of general disarmament, and Premier Clemenceau goes so far in cynicism as to expressly shut out Germany and Austria-Hungary from the peaceful community of nations of the future when right shall take the place of armed force. Premier Lloyd George has declared distinctly that the aim of the war is the destruction of German commerce and that the war must be continued until this end is reached. Indeed, the list of conquest falsely attributed to us, is now placed before the world through the publication of secret treaties by the Russian government.

"Our aim from the first day was the defense of the fatherland and the inviolability of its territory freedom and independence of its economic life. On that account we could greet joyfully the pope's peace appeal. The spirit in which the answer to the papal note was given, still is alive today but—so much the enemy must admit—this answer signifies no license for the criminal lengthening of the war.

"For the continuation of the terrible slaughter and the destruction of irreplaceable works of civilization and for the mad self-mangling of Europe the enemy alone bears the responsibility and will also have to bear the consequences. This applies especially to Sonnino (Baron Sonnino, Italian minister of foreign affairs.) If the Italian authorities who drove into the war the unfortunate population of a beautiful land bound to us by thousand fold memories had taken the hand of peace held out by the pope, the frightful defeat of their armies will all its associated consequences would not have taken place.

"May Italy's friends accept this as a warning and lend an ear at last to the voice of reason and humanity."

In conclusion the chancellor said that Germany's watchword must be "Wait!" End! Hold out!

The speech was received with applause from almost the whole house, only the extreme right and the extreme left not participating.
